Slim Flip-up Monitor

1U Rackmount Drawer with 15" TFT XGA LCD & Keyboard Trackball

The Ultra Slim Flip-up monitor is an ideal solution for network administration with multiple servers / platforms. Its 15-inch large size TFT LCD color display and ultra-low-profile compact industrial keyboard / trackball provide the user-friendliest and most reliable environment for network administrators. All these functions are integrated in a 19-inch 1U space with rugged construction design to achieve ultra space saving and high reliability for high quality industrial/network applications.

The built-in KVM switch of the RM1-20-A0-BLK-8KVM enables easy accessibility to 8 servers / platforms and supports PS/2 keyboard, PS/2 mouse, and DB15 VGA with eight DB25 connectors. By cascading function, it can connect up to 512 computers or servers.

The Ultra Slim Flip-up monitor provide superior picture quality and state-of-the-art features mounted in an industrial grade, rack mount drawer. The drawer forms a rugged enclosure that protects the monitor from industrial hazards and permits easy access to monitor controls.

Industrial Grade Keyboard
